# Hanwha Group

Founded in 1952, Hanwha is a FORTUNE Global 500 company and the 7th largest business group in Korea, comprising of 76 domestic affiliates and 351 global networks around the world.

Hanwha's business area included span aerospace & mechatronics, chemicals & materials, solar energy, finance, service & leisure, and construction. By integrating its growing number of affiliate enterprises worldwide, Hanwha is harnessing the power of sustainable, quality growth to continually increase the value we bring to customers.

## Products & Services

### Aerospace & Mechatronics

Hanwha Corporation  
(Machinery / Explosives)  
Hanwha Aerospace  
Hanwha Techwin  
Hanwha Systems  
Hanwha Defense  
Hanwha Power Systems  
Hanwha Precision Machinery

### Solar Energy

Hanwha Q CELLS  
Hanwha Energy  
Hanwha Solar Power

### Services & Leisure

Hanwha Hotels & Resorts  
Hanwha Galleria  
Hanwha Galleria Timeworld  
Hanwha 63 City  
Hanwha Station Development

### Chemicals & Materials

Hanwha Chemical  
Hanwha Total Petrochemical  
Hanwha Advanced Materials  
Hanwha General Chemical  
Yeochun NCC

### Finance

Hanwha Investment & Securities  
Hanwha Life  
Hanwha General Insurance  
Hanwha Asset Management  
Hanwha Savings Bank

### Construction

Hanwha Engineering & Construction  
Hanwha City Development

Hanwha delivers energy to customers to make our future more vibrant and sustainable.

Hanwha Techwin brings you  
security solutions  
that deliver values beyond safety.

A leading global security company, Hanwha Techwin has built its professional expertise in the video surveillance business through its world-leading optical, manufacturing and image processing technologies, accumulated about 30 years since our first launch of a surveillance camera in 1991.

As the world welcomes the 4th Industrial Revolution, we are leading the market by taking advantage of next-generation technologies, such as Deep Learning, Artificial Intelligence (AI) and Business Intelligence (BI). We are also able to offer solutions tailored to meet the requirements of various vertical markets.

By offering cybersecurity that customers can trust and rely on, we are growing as a total security solution company which provides high satisfaction and value, as well as real-life practical benefits.

Hanwha Techwin will continuously strengthen its development and marketing investments in the security business to drive future growth.

## History

### 2010 ~ Current

- 2018 - Hanwha Techwin Vietnam manufacturing subsidiary established
- 2017 - Winner of IF Design Award, Red Dot Design Award
- 2017 - Wisenet V SoC and Wisenet X camera series launched
- 2015 - Hanwha Techwin is formed by strategic acquisition by Hanwha Group
- 2015 - Winner of Red Dot Design Award
- 2015 - Wisenet Lite series launched
- 2013 - Wisenet III SoC and camera series launched
- 2012 - Winner of Red Dot Design, CES Innovation Award
- 2012 - World's first 37X IR PTZ camera launched
- 2011 - B2C business began

### 1991 ~ 2009

- 2009 - Hanwha Techwin Tianjin and Shanghai subsidiaries established
- 2008 - Korea's first 37X optical AF PTZ camera launched
- 2004 - Winner III analog ISP chip developed
- 2001 - Hanwha Techwin Europe subsidiary established
- 1997 - World-class ultra low-light surveillance camera launched
- 1993 - Korea's first auto-iris lens for CCTV cameras developed
- 1991 - Video surveillance business established

## Engineered in Korea

Hanwha Techwin's R&D(Research and Development) Center, is located in Pangyo Techno Valley, Gyeonggi-do, South Korea. The large R& D complex, which is focused on state-of-the-art technology and innovation, is also a home to many other of Korea's world leading companies. In the middle of the R&D hub, Hanwha Techwin is developing a variety of advanced technologies helping to drive the global video surveillance industry toward the future.

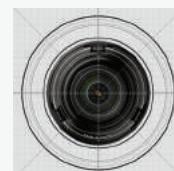

## Core Technologies

Based on long-established optical and image-processing technologies, Hanwha Techwin has competitive edge not only in optical lenses but also in SoC cameras chipset development. As technologies become more advanced and security solutions are leveraged across all areas of life, the role of security goes beyond just monitoring. It is now being utilized in many other ways in order to fulfill the growing market demand for built-in analytics capabilities and intelligent functionality.

In order to provide agile response to such trend, Hanwha Techwin will strive to achieve technological advancement by developing deep-learning and AI solutions.

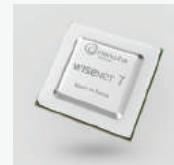

### 01. Optical design technology

Based on world class optical and image processing technologies, Wisenet provides high precision and resolution cameras.

### 02. SoC design technology

Outstanding level of SoC (System on Chip) design capabilities evident in our Wisenet SoC are also equipped with diverse analytics technologies.

### 03. Intelligent Analytics technology

Hanwha Techwin provides exclusive solutions for intelligent analytics thanks to its unique analytics algorithms.

Based on its solid core technologies, Hanwha Techwin strengthens its competitive edge for the future by harnessing innovative technologies.

To ensure  
24/7 reliability of our products,  
we added smart manufacturing system  
to our top technologies.

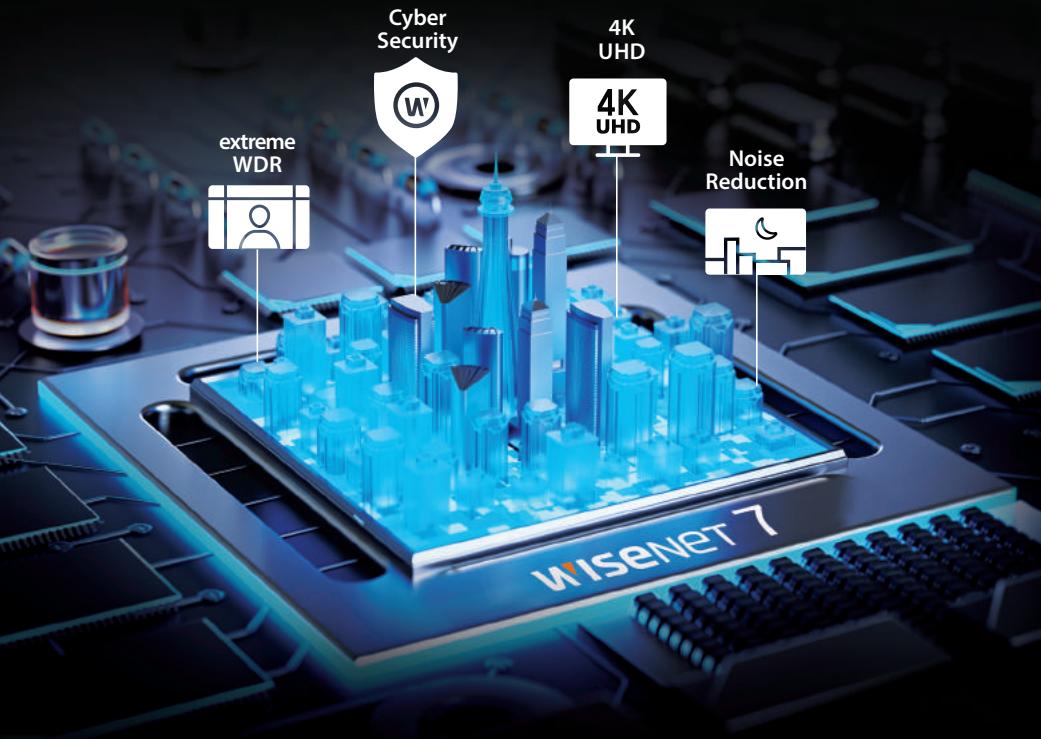

### High-tech Powered in Vietnam

Hanwha Techwin's manufacturing subsidiary in Vietnam(HTSV) has been in operation since 2018 in order to expand its global production capability as well as to strengthen cost competitiveness. Through automation and smart systems, Hanwha Techwin has built sophisticated and fast-moving manufacturing lines producing all its product line-ups including cameras and storage devices. All products produced in HTSV go through a reliable manufacturing and quality assurance process and sold globally, these products represent 75% of Hanwha Techwin's total sales.

# Innovating with excellence

## WISeNET 7

New Generation PTZ

## WISeNET PTZ PLUS

### Innovation in Image Quality

- extreme WDR (Up to 150dB)
- Enhanced Noise Reduction technology
- LDC (Lens Distortion Correction)
- Multi-directional camera support with single license(Up to 4ch)

### Innovation in Cybersecurity

- Hanwha Techwin Device Certificate System (Root CA)
- UL CAP, Secure by Default certificate
- Secure Boot, Secure OS, Secure Storage

### Clearer image with Wisenet IR

- Monitor and Identify objects with optical 40x, 30x Zoom
- Up to 200 meters with Wise IR
- Enhanced Preset Accuracy  $\pm 0.1^\circ$
- Quick Pan, Tilt correction (within 1 second)
- Easy and Safe Installation with Compact Design and Lighter Camera
- AI Deep learning based Object Auto Tracking (Optional Target-Lock Tracking with right click)

\* 4K XNP-9300RW / 6MP XNP-8300RW / 2MP XNP-6400RW

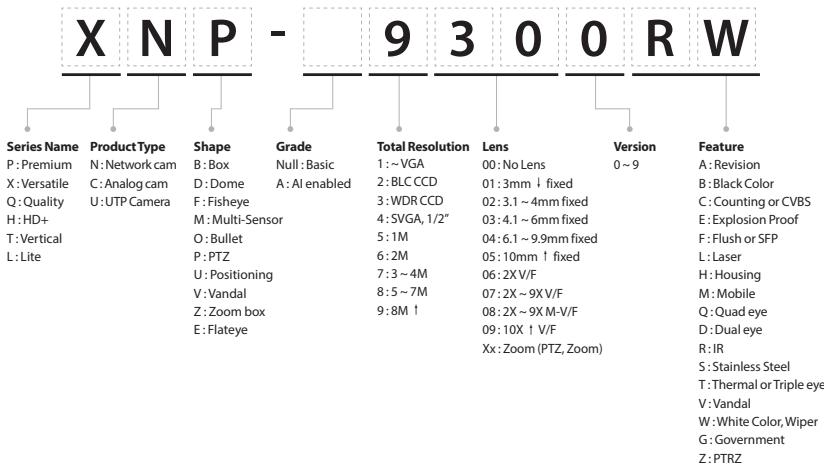

## Hanwha Techwin Global network

Hanwha Techwin is a Korean company with a long legacy of designing and developing innovative solutions for the video surveillance market. We have a global footprint with over 800 clients and 16,000 partners in 100 countries worldwide.

# WISENET P series AI Camera & NVR

Precise Object Detection & Classification with AI

Person Face Vehicle License plate

Equipped with a powerful artificial intelligence (AI) engine that detects and classifies people and vehicles in real time, Wisenet P series AI cameras are designed to accurately capture the unique attributes of objects such as faces and license plates, whilst reducing false alarms caused by waving trees, video noise, and even shadows. It enables operators to quickly and efficiently search for specific events or objects with defined attributes.

AI Camera Series **4K**

## Ideal choice for integrated monitoring

Wisenet SSM (Smart Security Manager) is a video monitoring software that maximizes the operational efficiency of Wisenet products (Network camera, Encoder, DVR and NVR). Hanwha Techwin provides video surveillance products and also in-house developed Wisenet software to monitor whole systems. It provides seamless system integration and central monitoring with cost effectiveness and reliability.

### High Reliability

Up to date with latest security policies

Automatic failover

ARB (Auto recovery backup)

### User Convenience

Unified UX/UI

Efficient maintenance with integrated system

Offer customized solutions

### System Flexibility

Compatible with ONVIF cameras and newly launched Wisenet products

3rd party integration such as parking guidance system, emergency alarm

## AI video search

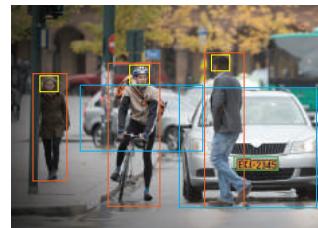

Connect Wisenet AI cameras to SSM for various search features adopting AI algorithms.

### • Best Shot search using unique attributes

System operators can utilize SSM's 'AI video search' feature to easily search specific events in the video by designating distinctive attributes of objects such as persons, faces, and vehicles. If a user searches specific attributes such as red motorcycle or a man wearing short pants, the best still cuts (Best Shot) of the classified objects in the video will be retrieved. Best Shots can be used as forensic data for accident investigations, playing back video that includes Best Shots.

#### Wisenet AI Camera

Detect and classify objects

\* Person, face, vehicle, license plate

#### Wisenet SSM AI Search

Quickly search based on attributes

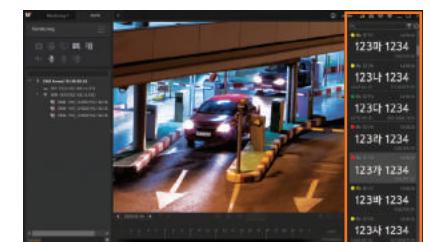

## Parking management solution

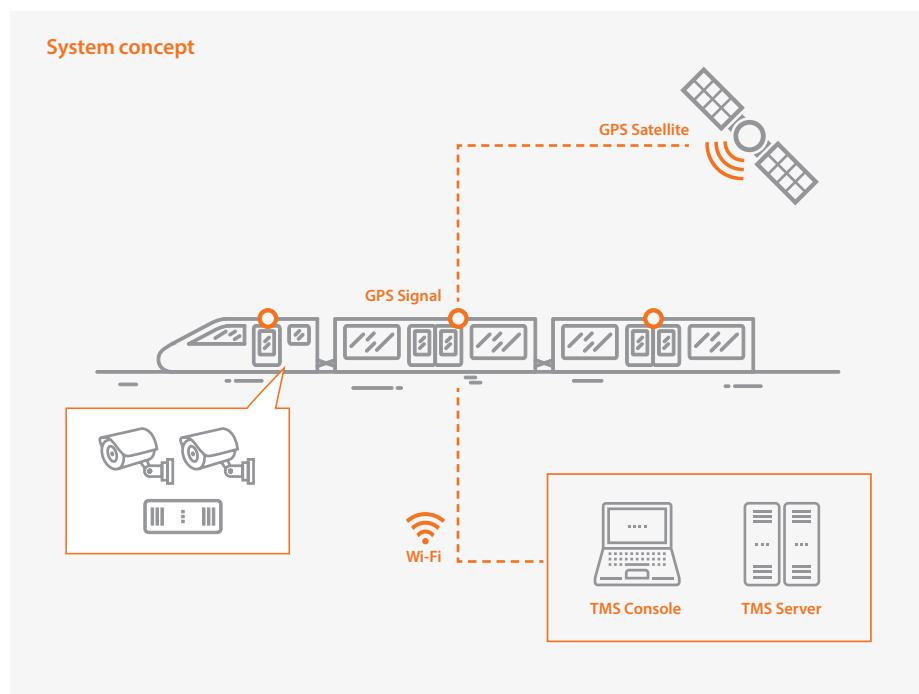

Connect ANPR cameras to Wisenet SSM for various parking management features.

### • Vehicle management & event search

Wisenet SSM's parking management solution utilizes ANPR (Automatic number plate recognition) cameras offering real-time parking entrance/exit monitoring. Users can register and manage vehicles without additional parking management software, while simple search feature quickly searches and retrieves vehicle footage.

# Wisenet Transportation

## Key Features

### • TMS S/W preinstalled

TAW-4000 is an appliance preloaded TMS software that is easy to use and maintain. Customer do not have to worry about purchasing a server.

### • TAW Clustering

Up to 28 server clustering capabilities provide convenient system scalability and efficient operation and management of large sites (up to 10,000 ch)

### • Up to 128 Recorder Back-up

Provides video and event management of up to 128 mobile NVRs with just one TAW-4000H16

### • Area Search

If you are unable to identify the vehicle(ship) in which an accident occurred, search based on the map where the incident occurred. TMS quickly search / playback the GPS and video information in a specific area.

### • Automatic Archiving

When a vehicle(boat) arrives at a place with a Wi-Fi connection, fully automatic backup of all evidence on mobile NVR installed in the vehicle(boat)

### • Report

TMS system can aggregate various operational statistics records. It provides a variety of information, such as speeding information of the vehicle, working hours of the driver, driving time and statistics of the vehicle.

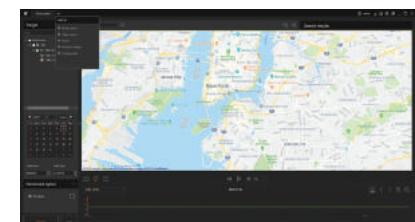

(Support to add function based on project request.)

Search & Playback of route (based on GPS)

Search & playback from cameras footage

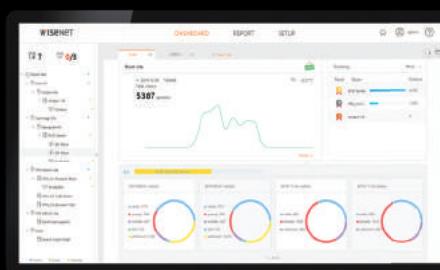

Route search

# WISENET Retail Insight

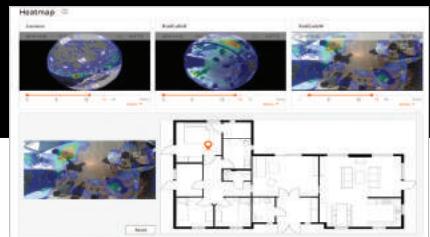

## Business Intelligence for your retail shops

- Advanced BI functions
- User friendly UI (Detail button)
- People counting (age, gender)
- Heatmap (Time-lapse)
- Queue management
- Customizable dashboard and report
- Compatible all Wisenet cameras (applied BI function)

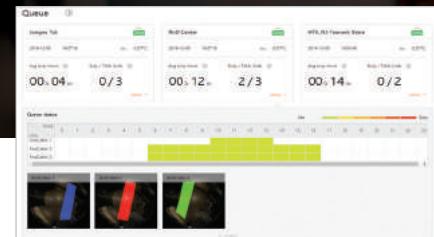

### People counting (age, gender)

Wisenet Retail Insight not only counts the number of visitors in real time but also offers age & gender analytics, providing insightful information to store owners. Owners can use this information to build sales strategies.

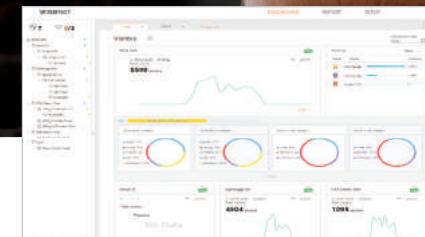

### Heatmap (Time-lapse)

Heatmap feature tracks areas where customers linger in, providing information on popular/unattractive products. Owners can configure the time duration to collect data at certain times.

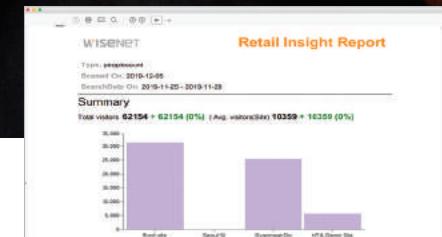

### Queue management

Queue management is crucial for large retailers. The feature captures long waiting lines in real time and manages the queues in an efficient way, reducing customer complaints.

### User friendly UI

The content is presented in the user-friendly form. It's easy to configure with multi tab function. Users can get information they want in a quick overview and click detail buttons for more information. Users can easily edit or delete. And it also provides weather information and the shop is open or not.

### Regular automatic report

Wisenet Retail Insight offers reports on a daily, weekly, or monthly basis. Users can configure reports with the units they want, taking full advantage of the vast size of database and gaining information crucial in running retail stores.

The screenshot shows the Hanwha Techwin website homepage. At the top, there's a navigation bar with links for About Us, Products, Solutions, Technical Guides, Data Center, Customer Support, PR Center, and a search bar. Below the navigation is a large banner for "WISENET 7 Innovating with excellence". The banner features a 3D city model on a circuit board with various icons representing features like Cyber Security, Extreme WDR, 4K UHD, and Noise Reduction. Below the banner are three call-to-action boxes: "Accessory Selector" (with a gear icon), "Data Center" (with a folder and camera icon), and "Wisenet Toolbox" (with a monitor icon). A hand cursor is pointing at the "Wisenet Toolbox" box, which has a red circle with the number "1" above it. A callout bubble below the toolbox says "Click the Wisenet Toolbox on Hanwha-security.com".
